A Practical Guide to Turning Ideas Into Action

# Empowering Emerging Climate Leaders of Color

↳ [Black Girl Environmentalist](#)

*Black Girl Environmentalist is a national organization dedicated to addressing the pathway and retention issues in the climate movement for Black girls, women, and gender-expansive people.*

BGE resources, re-centers, and rallies Black girl environmentalists (BGEs) to empower them to take collective action against the climate crisis. The organization strives to create a climate movement made in the image of all of us.
